CB350RS

RIDE ON
EXTRAORDINARY

350cc Engine & Assist Slipper Clutch

Enjoy the power and smooth acceleration at the same time with this mighty 350cc Air-cooled, 4-stroke OHC single-cylinder engine. For smooth clutch operations and slipper function.

Easy To See The Information You Need While Driving

A compact meter that combines an analog speedometer and a liquid crystal display, with an indicator on the right side that displays the vehicle status.

A More Advanced Version Of The Traditional Style

Four LED headlight bulbs are long-lasting, power-efficient, and emit a unique light signature. They're encased in a classic chrome bezel and matched by a timeless taillight silhouette.

A Tank with a Functionality and Capacity

The fuel tank has a capacity of 15L, which is suitable for long-distance touring, and the width has been narrowed down to create a neat silhouette when riding.

Add Personality To The Rear View

LEDs are also used for the tail lamps and turn signals. The CB350RS has a compact rear light fixture that gives it a sharp impression, each with a style that brings out their respective characters.

Seats with a Focus on Comfort and Quality

The CB350RS uses a tack-roll style wadding seat that provides a long riding space. The suede-like finish and red stitching accents enhance the high-quality feel.

All specifications are provisional and subject to change without notice.

- Please note that the figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors.
- These models come with a 2 year or 20,000km manufacturing warranty (whichever comes first).
